Evolve Cabinet with FlexCell, Center Column, and Roll-Top Door

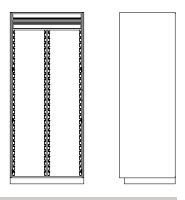

Evolve modular cabinets and casework create a flexible storage system that organizes a hospital's most supply-intensive departments. A clean design and tight construction offer a refined aesthetic and support infection prevention efforts.

The 36"-wide, 27.25"-deep, 84"-high cabinet with center column comes with a counterbalanced roll-top door. Material choices include compression board with a melamine or specified laminate surface or nonporous AireCore with Glacier White finish, Brushed Aluminum finish, or specified laminate surface. The FlexCell interior provides a durable and cleanable reconfigurable system for trays, baskets, and shelves. Cabinet has a 4"-high toe kick.

Evolve Cabinet with FlexCell, Center Column, and Roll-Top Door
