# Attaching a Side-Mounted Scope Cabinet to a Pace Cart
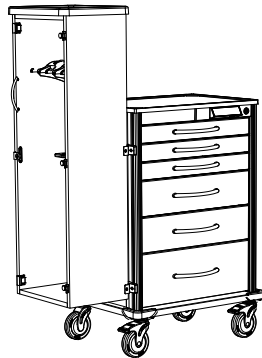

Follow these instructions to attach a side-mounted scope cabinet to a Pace cart.

## Tools needed
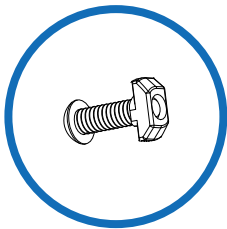

• Hex key (included)

• Level (optional)

Attachment hardware included

**Note**: 2 people are required to lift and mount the scope cabinet.

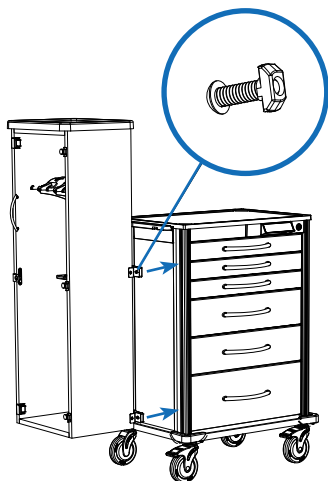

### Step 1

Arrange the 4 T-nuts so that they sit on the last thread of the 4 screws on the scope cabinet's mounting brackets.

### Step 2

Align the T-nuts vertically, and then push the mounting rails with cabinet into the 2 side corner channels on either the right or left side of the cart.

### Step 3

*Recommended*: Use a level to ensure the scope cabinet is even.

### Step 4

Using the hex key, firmly tighten the 4 screws on the mounting rails by turning clockwise. If a T-nut isn't tightening, make sure that the T-nut has been placed on the last thread of the screw.
