Quick Rack System

Storage Solutions for Healthcare

An efficient, flexible storage system for supplies and storage locations of all sizes.

Quick Rack’s modular design offers nearly unlimited flexibility to customize units to meet specific supply storage and space requirements. The open design keeps identification of and access to supplies quick and easy. Quick Rack is a perfect solution for storage of lower-cost supplies in general supply storage areas. It’s also a cost-effective solution for storage of high-value supplies stored in limited access, locked rooms.

The Quick Rack system starts with a base unit, which can be extended with any number of add-on units. Units are both stationary and mobile and come in two widths, two heights, and two depths. Quick Rack’s accessories can be arranged and rearranged easily on the frame. Accessories are compatible with the InnerSpace® by Solaire Medical portfolio.

Quick Rack Structure 3

Quick Rack Accessories 7

QUICK! RACK

Quick Rack Structure – 17.5"-Deep Units

Stationary Base Unit (SK1727SS)

Aluminum frame adjusts in 2.5" intervals and can be configured for angled or horizontal storage. Includes 4 adjustable feet with protective sides. Weight capacity: 880lbs
Dimensions – 27.5"w x 17.5"d x 76.5"h

Storage Solutions for Healthcare

Evolve Cabinets | Evolve Casework | Roam Supply Carts | Rover Workstations | Tempo Procedure Carts | Quick Open Storage

Solaire Medical specializes in storage solutions for all areas of your healthcare facilities. We offer the InnerSpace® portfolio of products, a cohesive system of carts, cabinets, and modular casework that improves staff and facility efficiency and an organization's bottom line. Our InnerSpace portfolio is supplemented with the Quick line of open storage products.

When you purchase InnerSpace by Solaire Medical products, you're buying products made in the U.S.A. and from a direct manufacturer that delivers on-time and error-free. The portfolio's 5-year warranty is our promise to you that our products and service are of the highest quality.

The Quick family of open storage products has a one-year warranty.

Contact our service team with your requests or to connect with a sales representative. We're here to help you specify the best storage products for your needs, whether a standard option or customized solution. We offer complimentary storage analysis, design services, CAD support, and logistics and installation assistance.

Call to schedule a free storage consultation.
