

# Evolve Cabinet with Split Center Column and Roll-Top Door

**Evolve modular cabinets create a flexible storage system that organizes a hospital's most supply-intensive departments. A clean design and tight construction offer a refined aesthetic and support infection prevention efforts.** The 36"-wide, 27.25"-deep, 84"-high cabinet has a counterbalanced roll-top door. The upper portion of the cabinet is a single full-width compartment with 1 shelf; the lower portion

of the cabinet has two compartments. Material choices include compression board with a melamine or specified laminate surface or nonporous AireCore with Glacier White finish, Brushed Aluminum finish, or specified laminate surface. The FlexCell interior provides a durable and cleanable reconfigurable system for trays, baskets, and shelves. Cabinet has a 4"-high toe kick.
