

Ventaire™ Endoscopy System

Scope Transport Carts

Ventaire scope transport carts offer flexibility to fit into an endoscopy team's workflow.

Safe and secure scope transport

With the frequent movement of scopes from procedure rooms to reprocessing areas to drying and storage and back to procedure rooms, it's important to handle expensive and fragile endoscopes safely and securely. Accidentally banging or dropping a scope can break its sensitive internal components or become a biohazard if a soiled scope comes in contact with equipment, supplies, or the surrounding environment.

Methods for moving scopes vary from facility to facility and even from department to department within the same facility. Often the important step of transporting scopes is overlooked in mapping a team's clinical workflow.

Flexible, modular system

The Ventaire endoscope transport cart meets the needs of endoscopy and reprocessing departments, with enough flexibility to adapt to a facility's clinical processes. Carts come in two sizes and hold green and red trays and lids that serve as visual signals that the cart is transporting soiled or clean scopes. Clear and red disposable tray liner bags add another visual cue and layer of protection for clean and soiled scopes.

Options for a range of supplies and equipment

The counter-height cart holds five scopes, and the taller version holds up to 10 scopes, maximizing the number of scopes it transports in a space-efficient footprint. Rounding out the transport system are a divided tray for storing smaller supplies and several accessories that mount to the cart, providing even more functionality.

- Durable trays and lids have smooth surfaces that ease cleaning
- Two cart sizes: taller cart holds up to 10 scopes and counter-height cart holds 5
- Medical-grade locking casters improve mobility
- Antimicrobial cart top has a raised edge that keeps supplies and equipment from falling off
- Modular design of Flexcell interiors accommodates scope trays and divided storage trays
- Trays sized to hold endoscopes and additional supplies
- Accessories add more customization
 - Push handles for tall transport cart
 - Disinfectant holder
 - Waste basket
 - Divided tray
 - Clear and red disposable scope bags

Trays are sized to hold extra-long scopes and additional supplies

The counter-height cart does double duty as a work surface

Flexcell interiors are easy to configure and reconfigure and hold multiple trays

The Ventaire Endoscopy System is a family of products that facilitate the storage, drying, and transport of endoscopes and includes drying and tracking cabinets, portable and attached drying units, and transport carts.

SVSTC5

Exterior: 20.25"w x 28.5"d x 40.25"h
 Interior: 14.5"w x 25.25"d x 31"h
 Interior Configuration: 20 FlexCells

SVSTC10

Exterior: 20.25"w x 28.5"d x 71.75"h
 Interior: 14.5"w x 25.25"d x 62.75"h
 Interior Configuration: 41 FlexCells

Ventaire Scope Transport Cart

SVSTC5 – Ventaire Scope Transport Cart, holds 5 trays

SVSTC10 – Ventaire Scope Transport Cart, holds 10 trays

Preconfigured Carts

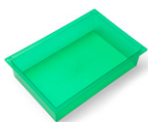

SVSTC5-G – With 5 Green Trays and Lids

SVSTC10-G – With 10 Green Trays and Lids

SVSTC5-R – With 5 Red Trays and Lids

SVSTC10-R – With 10 Red Trays and Lids

Accessories

SST6G – 6"H Green Tray for Scope Transport Cart

(Exterior: 15.75"w x 23.62"d x 5.20"h, Interior: 13.86"w x 21.73"d x 5.03"h)

SSTLG – Green Tray Lid

SST6R – 6"H Red Tray for Scope Transport Cart

(Exterior: 15.75"w x 23.62"d x 5.20"h, Interior: 13.86"w x 21.73"d x 5.03"h)

SSTLR – Red Tray Lid

STD3 – 3"H Grey Tray with 3 Long and 3 Short Clear Dividers

SAPHV – Push Handles for tall Ventaire Scope Transport Cart

SRDHV – Round Disinfectant Holder for Ventaire Scope Transport Cart

SWBV – Waste Basket for Ventaire Scope Transport Cart

SAMRSV – Side Accessory Mounting Rail for Ventaire Scope Transport Cart

SVSBC – Clean Scope Liner Bags for Scope Transport Cart, clear, package of 500

SVSBR – Soiled Scope Liner Bags for Scope Transport Cart, red, package of 500

InnerSpace specializes in solutions for all areas and departments within a healthcare facility.

We offer carts, cabinets, open storage, and accessories for supply storage, products with embedded technology for improved efficiency and security, and the Ventaire™ Endoscopy System for the storage, drying, transport, and reprocessing of endoscopes.

InnerSpace is here to help you specify the best products for your needs, whether a standard option or customized solution. We offer complimentary storage analysis and design services. Contact our Customer Service team with your requests or to connect with a sales representative, and find InnerSpace products on GSA Advantage, Premier, and Vizient contracts.
