

Mobile Sneezeguard Unit (SRSSGC)

The mobile sneezeguard unit has application throughout a hospital or outpatient and ambulatory facility and is especially valuable in imaging labs, oncology centers, and pharmacies – settings in which people are communicating directly and closely.

The lightweight mobile sneezeguard unit has a clear 30.5" w x 36.5" h impervious shield that adjusts easily from seated to standing height. It has 5" locking medical-grade casters. The shield can be cleaned with standard cleaning and disinfectant products.

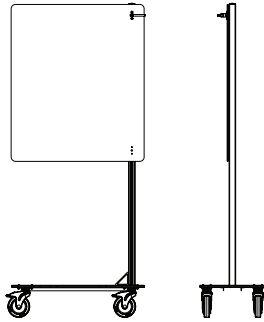

Provide an additional layer of protection for healthcare professionals and patients from the transmission of respiratory droplets with the sneezeguard unit.

Shield adjusts from 43.5" h to 77" h

Lightweight unit can be moved easily

5" locking medical-grade casters

Mobile Sneezeguard Unit (SRSSGC)
