A SOLAIRE MEDICAL COMPANY

The lightweight  
sneezeguard unit  
adds a clear  
impervious shield  
between healthcare  
professionals  
and patients.

The sneezeguard unit has application throughout a hospital or outpatient and ambulatory facility and is especially valuable in imaging labs, oncology centers, and pharmacies – any setting in which people are communicating directly and closely. The 30.5" w x 36" h polycarbonate shield adjusts easily from seated to standing height; it can be cleaned with standard cleaning and disinfectant products. The unit comes in mobile and stationary versions.

Mobile unit shield adjusts from 43.75" to 72"

Stationary unit shield adjusts from 37.25" to 65.5"

Lightweight unit can be moved easily

5" locking medical-grade casters or adjustable leveling feet

Mobile unit

Stationary unit

InnerSpace® specializes in storage solutions for all areas of your healthcare facilities. We offer a cohesive system of carts, cabinets, and modular casework that improves staff and facility efficiency and an organization's bottom line. Our InnerSpace portfolio is supplemented with the Quick line of open storage products.

You'll find InnerSpace's full product offering on GSA Advantage, Premier, and Vizient contracts.

We're here to help you specify the best storage products for your needs, whether a standard option or customized solution. We offer complimentary storage analysis, design services, CAD support, and logistics and installation assistance. Contact our service team with your requests or to connect with a sales representative.
